

## Hua Xia Chinese Culture School Inc.

The fact that Mandarin Chinese is the second most spoken language globally reflects that having it on your "tool-belt" is highly beneficial both personally and professionally. The beauty and attraction of Chinese is derived from its profound cultural heritage. Our teaching is primarily focused on this culture, and the ability for students to communicate across Australian and Chinese culture, by using a style of culture-leading and student-centred pedagogy, with an interactive teaching mode. We teach Mandarin and Simplified Chinese through an "easy and fun" model using games, singing, dancing and stories. We make learning at Hua Xia Chinese Culture School fun and informative, and we wish to bring this to you starting Term 1, 2017.

At Hua Xia Chinese Cultural School, All the teachers here are teaching with **love, passion and responsibilities!**

## Lindfield Public School Mandarin Classes

Our courses start from learning PinYin at elementary level, and will cover daily conversation, easy expression and interesting stories. We are going to have native speaker class and non-native speaker class. **Native speaker class** is designed for children who have mandarin background, It is focused on developing reading skills and writing skills. **Non native speaker class** is designed exclusively for children who want to learn Mandarin or do not have a Mandarin background. It is strongly focused on developing Mandarin comprehensive skills. The classes incorporate many interesting activities to engage students at their age level. Our teaching aim is to let children “**Study in Fun, Fun for Study**”.

Each class would have maximum 20 student and two teachers. We have very experienced teacher who will divide the class to different groups according to their language levels, and give tasks and homework accordingly.

Mandarin class will start in week 2 of term 1, 2017. Please contact Lindfield public school brunch director **Penny Peng** via mob: 0450993123 or via email: [huaxiachineseschool@yahoo.com](mailto:huaxiachineseschool@yahoo.com) to enroll, Limit space available, please fill the form and sent back ASAP.

### Happy Teaching & Learning

*we always take into account each learner's individual needs and we use varied teaching approaches to encourage practice and to make learning more interesting and joyful.*
